

Henrietta Independent School District

“All In For Excellence”

Jaime Clark, Superintendent

Henrietta ISD Families,

I believe it is important to keep you informed of situations impacting our schools, even if your student is not directly involved. Yesterday, we were made aware of disturbing allegations against one of our staff members. Elementary school aide, Blane Frost, was arrested by the Clay County Sheriff Office and charged with two counts of indecency with a child, and one count of possession with intent to promote child pornography.

I can tell you Mr. Frost has been placed on leave from his position and is not permitted at any district facility. I know you may have more questions, but this is a police matter and the district does not have additional information to share at this time.

If you have any information you believe may be important to this investigation, I encourage you to contact the DPS Office at (940) 851-5554.

There is nothing more important to us than the safety of our students and allegations like this against one of our staff members are difficult to hear. Please don't hesitate to reach out to us if you believe your student may need support in response to this situation.

Jaime Clark
Superintendent of Schools
