#### Memorandum

DATE June 4, 2021

TO Honorable Members of the Workforce, Education, and Equity Committee

**SUBJECT Cities and Counties for Fine and Fee Justice Reform Update** 

#### **Background**

In May 2020, the City of Dallas was selected as one of ten jurisdictions across the country to participate in the inaugural Cities and Counties for Fine and Fee Justice Cohort (Cohort) facilitated by PolicyLink, the City of San Francisco's Financial Justice Project, and the Fines and Fees Justice Center, each nationally recognized for their work in advancing racial and economic equity through research and advocacy. Selection and participation in the Cohort included a \$50,000 grant and an 18-month program to receive technical expertise and guidance from jurisdictions and thought leaders with experience in fine and fee reform. Staff provided an overview of the City's participation to the Workforce, Education and Equity Committee at the October 12, 2020 meeting.

During the 18-month program, the Dallas team, consisting of various City departments and external community partner organizations, conducted the following:

- Community engagement to engage residents to understand the impact of fines and debts on people living in poverty and communities of color; and
- Government stakeholder engagement to gather basic information regarding fines, fees, and collection practices from key government stakeholders, such as Court and Detention Services.

The City's participation in the Cohort builds upon our previous participation in the What Works Cities Sprint Challenge – Driver's License Suspension and aligns with Equity Indicator 40: Fines and Fees of the 2019 Equity Indicator Report.

#### **Community Engagement**

The Dallas team conducted a community assessment through an online survey that was made publicly available between December 4-18, 2020. The City leveraged its various social media platforms to amplify the availability of the survey and issued a press release that garnered local media coverage through television and print. The external partners of the Dallas team engaged their memberships to participate and provide their feedback in the survey.

A total of 18 questions were included in the survey; 11 were required and 7 were optional questions that gathered demographic information.

#### Survey overview:

- Total number of responses: 4,422
  - o English 4,271
  - Spanish 152 (translated into English and combined into master data set)

#### **Government Stakeholder Engagement**

Based on the number of survey responses that stated they received a citation related to vehicle-related and/or driver's license suspension, the Dallas team decided to focus its efforts on understanding the impact of fines and fees related to driver's license suspension and vehicle registration holds. City staff gathered information and conducted an analysis on the rate of collection on criminal citations that had an OmniBase hold and/or a vehicle registration hold (Scofflaw) on their account. Staff utilized criminal citations filed in 2018, 2019, and 2020 and analyzed race/ethnicity, share of unpaid citations, offense type, and zip codes. A summary of key takeaways from the analysis is as follows:

- Zip Code
  - 75217 (Pleasant Grove) area has the most citations issued.
  - 75216 (Cedar Crest) has the second most citations.
  - o 8 of the top 10 zip codes for citations Issued are below I-30.

#### Cities and Counties for Fine and Fee Justice Reform Update

- Share of Unpaid Citations
  - African American/Black 54%
  - Hispanic/Latino 29%
  - White/Caucasian 16%
- Top Offense Types
  - Speeding
  - Animal-related
  - o Driver's license
  - Traffic violations
  - Failure to maintain financial responsibility (insurance)
- Race and Gender
  - African American and Hispanic have the highest share of overall citations for all three years.
  - African Americans (male and female) have the highest share of "Unpaid Citations" compared to other races for all three years.

For detailed tables of the above summaries, see Attachment 2.

#### **Priorities**

Utilizing the key takeaways of the community engagement and government assessment, staff have identified three priorities for the City:

- 1. Improving Notifications and Communications Process
- 2. Discontinue Participation in the OmniBase Program
- 3. Discontinue Participation in the Vehicle Registration Hold Program (Scofflaw)

Advancing priorities #2 and #3 has the potential to alleviate the burden of holds on over 44,000 residents in the top 10 zip codes with the most citations and over 72,000 residents across the entire city of Dallas. The table below provides a more detailed demographics analysis of who will potentially be impacted in the Top 10 zip codes.
